

Mokena School Asks OK On Bonds To Purchase Land

The Mokena Grade School Board of Education will again seek approval by voters of the district of a \$54,000 bond issue to acquire additional land. The proposed site adjoins the present Willowcrest School site.

At a recent board meeting members adopted a resolution that the proposed bond issue be voted on at the regular school election, April 8.

Thus voters will receive two ballots, one containing the names of the candidates for places on the board and the other dealing with the bond issue. Carpenter Street School will be the polling place and voting hours will be from 12 noon to 7 p.m.

According to school officials the bond issue could be dovetailed into the district's indebtedness so there would be a minimum tax increase. The first year, a board spokesman said, the increase would amount to two and a half-cents per \$100 of assessed valuation and as the assessed valuation increases the amount to be paid per taxpayer would be lower.

All seven members of the board endorse the purchase of the proposed site. Various sites have been considered and professional opinion sought from school locators. The board believes that the proximal location to the village of the Willowcrest site, as well as its being a central point in the district, plus sewer and water mains, makes site the most desirable of those available.

The site is approximately 20 acres in size and will give the district sufficient land for expansion. If the growth of the community continues, as expected, the expansion will not be long in coming, it was said.

Other business to come before the board included a report from the library showing that 1,033 books were circulated in February. The board also allowed a change order of \$420 to provide Nesbitt Unit Ventilators rather than another brand that was to be installed in the new addition now under construction.

Teachers were re-hired and it was agreed that the contracts for 1967-68 were to be issued March 17.

4 Area Candidates For College Board

Candidates for the junior college board of education from the Lincoln-Way High School district will appear at that school tonight (March 30) to seek support for their candidacies.

Robert Schutte, retiring member of the Mokena grade school board will preside.

There are 35 candidates for the seven places on the junior college board and the ballot will be remindful of that monster ballot inflicted on the voters a couple of years ago in the election of state legislators.

Four of these candidates hail from the Lincoln-Way district, Ronald Whitaker, New Lenox (Incorporated section); William Welsch, Mokena; W. Leonard Patterson, a former member of the Frankfort grade board and Jasper (Jay) Tromp,

Three board members are to be elected, Norval Robinson is the only incumbent seeking re-election. Durward Fant is a candidate for the Lincoln-Way High School Board and Robert Schutte did not choose to run. The other candidates besides Robinson are: James Tilsy,

a farmer; William "Bill" Cady, a teacher at Home-wood-Flossmoor High; Gordon Holleman, research division Swift & Co.; Charles Burkhardt Jr., building contractor, and James Fagin, of the Lockport division of Illinois Bell Telephone Co.

\$15,000 Gift Made To Orland School; Donor Is Anonymous

An anonymous gift of \$15,000 has been pledged to by an Orland Park family to over some of the expense of the new junior high school.

Specifically the money is to be used for carpeting and equipping the building. The donors, while desirous of remaining anonymous, hope that its contribution may encourage others to do likewise, even on a smaller scale.

Announcement of the gift was made by Supt. Norbert Jerling as spokesman for the board of education.

The district's financial limitations and their interest in education prompted members of this family to make this generous donation, Jerling said.

The board of education has had some difficulties in getting the junior high building

under way. It was necessary to take bids twice, and the second, while successful, allows only for essential facilities, it was pointed out.

"In my experience," said Supt. Jerling, "this is first time a donation of this kind has been made to a public, elementary school. Most certainly this family has a high regard for our schools and we all feel complimented by such generosity."

"This gift is greatly appreciated and will certainly help to provide the kind of school facility the community may point to with pride."

Announcement of the gift was made at the regular meeting of the Orland school board at last week. All board members voiced their gratitude.

Shoop Transferred, No Longer Candidate For Mokena Board

Bruce T. Shoop, who was a candidate for the Mokena Village Board has had to withdraw as such. An accountant for the Stewart-Warner Co., he has been transferred to the John W. Hobbs Co., a division of Stewart-Warner, at Springfield, Ill.

Mr. Shoop did not receive word of the transfer until the latter part of last week, which was well beyond the time when he could withdraw so his name would not appear on the ballot.

As it is his name will appear on the ballot but even if he should receive sufficient votes to be elected he could

not serve because he would no longer be a resident of Mokena.

Shoop urges those who would have marked their ballots for him to vote for one of the other candidates.

And speaking of the other candidates they will be unopposed. There are three places to be filled on the village board this year and there are three candidates, Henry I. Clarke, an incumbent who was appointed to fill out the term of Gary Chase, resigned, which ends this spring; Anthony Dina, and Edward Haislet.

Chase resigned when the Rock Island Lines promoted him to a position in the La-Salle-Ottawa area. The other two incumbents whose terms expire this year, Hans Mueller and Marvin Weisendorf, did not seek re-election.

300 Youngsters Join In Mokena Lions Egg Hunt

Some 300 youngsters took part in the annual Easter Egg Hunt staged in Community Park last Saturday under the auspices of the Mokena Lions Club.

Each member of the club was slated to provide a dozen colored, hardboiled eggs. This would have amounted to about 1,000 eggs, it was pointed out, but the number was around the 600 mark.

Prizes were awarded to egg finders. The awards were not made on the total of eggs found. This year certain of the eggs were numbered and the prizes awarded for the numbers listed.

COMMITTEE MEMBERS complete plans for the Tri-Township Young Republicans' second annual dance to be held April 1 at Lockport Moose hall. Left to right are Matthew Fisch, Homer; Betty Mahn, Homer; Ray Boland, Lockport; J. Kenneth Mills, New Lenox; Jeanne Van Buren, Homer; and William Ahrens, DuPage. Joan Straka, Homer; Dorothy Hassert, DuPage; and H.C. VanBuren, Homer, were not present.

Rezone for Industry

County Board Investigates Will County Airport Site

Several resolutions were brought before the Will County Board of Supervisors' special meeting called for Wednesday, March 2.

Meeting was called for rezoning 332 acres in DuPage Township from F to I-1 for industry. Thirty-two supervisors present voted unanimously to allow the rezoning.

John Francis, New Lenox supervisor, presented the petition for the Chanslor-Western Development Company. Francis, head of the subdivision and zoning committee, stated that the board of appeals had recommended the rezoning.

AIRPORT RESOLUTION
Charles Jungles, Homer Township supervisor, brought forth a resolution stating that the county planning committee investigate the possibility of any airport to be built in Will County. He felt the board of supervisors should have complete control over the placement of such an airport in the county.

A lengthy discussion period, ensued after which all unanimously approved the resolution.

Donald Forsythe, Florence supervisor, stated that he felt Homer residents are a little premature in their efforts to stop the airport. He thought that the Chamber of Commerce's feelings on the subject were that if Will County did not act first, Mayor Daley of Chicago would and then Cook County would control it. He felt that once the government has made up its mind regarding

property, no amount of protesting will do any good.

Jungles explained further that he would like to see the airport investigation handled through the county board as a whole and not just in the hands of a few civic groups as all parts of the county are represented through their supervisors.

Dan Lambert, Lockport Township assistant supervisor, stated that the Joliet Chamber of Commerce has never asked them about anything. Lambert feels Lockport can handle its own situations.

Members of the planning committee of the board of supervisors are to meet and investigate the proposed airport site in Will County and report their findings to the next regular session.

On the planning committee are Herman Olivio, assistant Joliet supervisor, chairman; Jungles of Homer, William Lipsey and William Dwyer, Joliet assistant supervisors; John Fracis of New Lenox, Maurice Adamson of Lockport and George Nordstrom, Lockport assistant.

Roy Hassert, chairman of the board and supervisor of DuPage Township, noted that all committee meetings are open to the public at all times as well as the regular board meetings. Also, any member of the county board may attend any committee meeting.

Subject to the Department of Public Works, the county board approved the appointment of Roy S. Cousins as county superintendent of highways. Vacancy was caused by the death of the

late James McCarthy.

Supervisors voted in a \$10 per meeting pay raise to be effective Sept. 1. This increase from \$15 to \$25 is for newly elected officials only as supervisors cannot give themselves a raise. There were 27 yes votes to five no.

Nordstrom of Lockport didn't feel that supervisors should be paid \$25 for committee meetings, just the regular sessions. Law does not provide any provision for separating the two according to Hassert.

Nordstrom also felt that supervisors should not be paid if they do not stay for the whole meeting.

THE DEVELOPMENT section of the R.S. Corcoran Co. is currently working on a powered glider. A partially completed prototype unit is shown.

PRODUCTION LINE that assembles electric tools at the R.S. Corcoran Co. plant in New Lenox.

R.S. Corcoran Co. Expanding At New Lenox

The R. S. Corcoran Company now located on the west side of New Lenox north of Rt. 30 manufactures corrosion resistant centrifugal pumps and on a contract basis assembles electric hand tools.

The company has been located in the Joliet area for 22 years and in the past, R. S. Corcoran has manufactured aircraft and aircraft components including gliders for military use in World War II and components for drones used by the Navy.

Subsequently, the company manufactured duplicators, fuel pumps and pressure regulators, attic fans, chain saws, compressors for paint spray sets, arts and crafts apparatus including enameling equipment and kilns, and sump pumps.

R. S. Corcoran Centrifugal Pumps are advertised and distributed nationally and in Western Europe. Corcoran pumps are applied to the severe corrosive pumping applications by most producers, users, and distributors of chemicals. They are used by many manufacturers of dairy equipment, electro-chemical milling machines, film developing apparatus, textile equipment, ultra-sonic cleaners, and on commercial spray

washers designed for use on paint drums, paint tubs, and chemical equipment.

The company is currently developing three new lines of pumps for new markets and applications. The first is a line of stainless steel pumps for a national catalogue sales company. The second is a line of self-priming pumps for a national sales organization that calls on contracting and fertilizer industries. The third is a self-priming aluminum pump being developed for a government contract.

These three are the short-range projects under development. Other long range developments including pumps that operate under different principles than those currently in production.

The company now employs 56 people and is steadily expanding their staff of skilled machinists and welders as well as production line employees.

Corcoran oversees all phases of the business. William Pardieck is in charge of production, plant facilities, and plant personnel. Walter Jacobson is responsible for sales and office personnel and procedures.

Besides the expected growth the company will have

in its existing facilities, two new products are under development. When these are marketed, it is anticipated that many times the number of people currently employed will be required for new production.

The first is a light aircraft which will essentially

be a powered glider. This will enable the pilot to fly the aircraft as an aircraft under its own power or as a glider. In addition, the pilot will be independent of relying on others for a tow as are conventional gliders. The engine or engines can be serviced by the owner

thereby eliminating the major cost of flying.

The second new development is a high speed airboat designed to appeal to the same market as power boats, water skis, and similar equipment.

The company looks forward to continued growth

and expected to add substantially to the prosperity of the New Lenox community.

One of the things the company needs, it was brought out, is a crossing over the Rock Island track on Old Hickory Rd., now closed.

Friant Will Erect Building To House Disposal Firm

If the proper zoning classification is allowed, Ervin D. Friant will erect a building to provide office space and equipment storage space for the NuWay Disposal Co. The building would be constructed just south of the village sewage disposal plant on Wolf Rd. Friant, who has a building there now in which he keeps his own equipment, would also move his office to the new location.

At the meeting of the Mokena Village Board last week it was unanimously voted to annex the Friant property. Because of annexation the property immediately reverted to Class I Residential and now Friant is asking for a zoning hearing to get the property classified for business.

Friant also reported to the board that he has completed all of his work on the new pump house. The board will check it and if found satisfactory will pay Friant the money he has coming in April.

Trustee Roy Richardson suggests striping the business area streets as a guide for parking. An effort to get motorists to park up on the curbing is a difficult task, it was reported. Parking with one set of wheels up on the curbing gives more room on the street it was pointed out.

Repairs have been made to the water tank by Trustee George Bills reported that Jack Banness, who made the repairs, said that while the upper portion and sides of the tank were in excellent condition work should be done on the lower portion. The water and sewer committee will make a recommendation to the board on this at a later date, it was decided.

Bills reported he is ready to send letters to persons

alleged to be draining roof water into the sanitary sewer, giving them final notice to cease this practice under penalty of prosecution. A state law prohibits turning surface water into a sanitary water system, it was pointed out.

Representatives from the district library, attended the village meeting last week and Mrs. Frances Richards, new president of the library board, and Mayor Erick Book are to sign a letter prepared by Village Attorney Ronald Galowich asking the Immanuel Lutheran Church board for a quit claim deed to any possible interest it

might have in the Village Square or Village Park where the old church is located, and that the terms of the lease would be negotiated afterwards. There has been considerable controversy over this issue for the past year. The church board has signed the library board to a lease under which the church is to get \$1,500 year the unpaid balance is to carry interest charges.

Trustee Clarence Zugenbuehler said he planned to confer with engineers to determine the extent of the street improvements to be undertaken this year.

Orland Pk. Studies Junk Auto Storage

Final draft of an ordinance which would give Orland Park an opportunity to rid the corporate limits of junk autos stored in yards or on drives, should be ready for the village board at its next meeting.

Village Attorney Raymond Pieper had a copy of such an ordinance on hand Monday night but wanted further time to look up some sections of the state automobile laws.

He pointed out to the board that the Illinois Municipal League has now drafted a sample ordinance along these lines. A few years ago the Municipal League was rather aloof.

It is the general belief of some authorities that a village has the police power to enter upon private premises and tow away junk cars after having given the owners warning.

The Municipal League quotes three cases in support of this idea, one from California but the other two are from Tennessee and Arkansas.

Frankfort has been making such an ordinance work with considerable success.

In the course of the Orland Park board meeting Monday the council members voted to spend \$1,200 to complete the second municipal building, including air conditioning. The village did not have quite enough money to finish the job originally, Mayor Melvin Dooogan explained, but now it has. The village erected the building at 151st and West Av. on a pay-as-it-went basis.

Five building permits were OKed, three for new homes: Orville J. Fillip, brick veneer, 2-car garage attached, 8600 W. 145th St.; a ranch type brick home with 2-car attached garage at 8626 W. 145th St., for H. Roy Bergquist; a brick veneer for C.J. Mehling at 14422 S. 87th; a room addition for Mrs. Helen Blair, Woodland Av., and a garage for Roland Ruff at 8812 W. 147th.

AIRMAN 1/C Eugene R. Schroeder, son of Mr. and Mrs. Charles J. Schroeder Jr., 8211 W. 133rd St., Orland Park, recently completed his 460th combat mission over North Vietnam. He is stationed with the US Combat Air Forces in Vietnam.

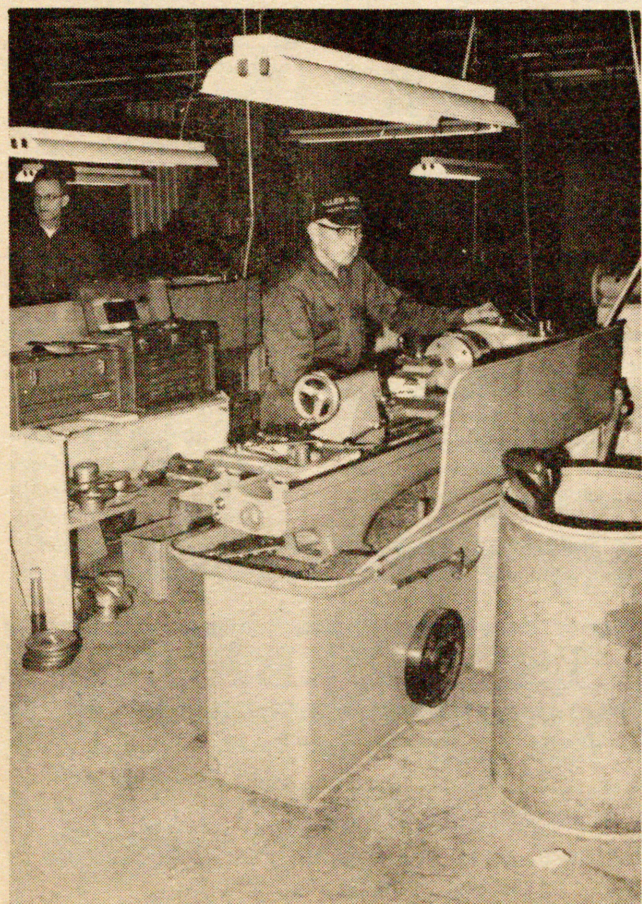

Communications Need Help At Orland Park

A person who can hear and talk (English of course) over a telephone, can learn to transmit radio messages and is not easily flustered can pick up some extra money on weekends by working for the Village of Orland Park.

Communication operators are needed for portions of Saturdays and Sundays, according to Mrs. Grace Barry, village trustee in charge of this operation. Applicants can be of either sex. They can apply at the village hall and can be hired either by Mrs. Barry or the village clerk, John Anderson.

ASK ZONING CHANGE

The Cook County Zoning Board of Appeals is to hear a request for a change in lot width on a piece of property near 131st St. and 88th Ave., Palos Township. The ordinance calls for a 150-foot wide lot; the petitioners Leroy and Margaret Harding ask it be reduced to 120 feet.

TYPICAL OF the skilled machinists that work on R.S. Corcoran Co. pumps is Stanley Stimac shown here finishing some shafts in stainless steel.

MR. AND MRS. GARY G. HAGEN

(Behnke photo)

St. John's Scene Of Blank-Hagen Wedding

St. John's United Church of Christ, Mokena, was the setting for the Dec. 9 marriage of Miss Karen Lou Blank and Gary G. Hagen.

The Rev. Laslo Hunyady officiated at the 7 p.m. double ring ceremony uniting the daughter of Frank Blank, Mokena and the late Thelma Blank, and the son of Mr. and Mrs. Otto Hagen of Marshfield, Wis.

Mrs. Donald Maue of Orland Park, the organist, played the traditional wedding selections "The Lord's Prayer" and "I Love You Truly".

Escorted to the altar by her father, the bride wore a floor length gown of white

satin with long tapering sleeves. The bodice and hem were accented with white rose appliques. The flowing train was held in place by a tie that featured a bow at the waist.

The silk illusion veil was held in place by a silk pillbox adorned with two white roses and seed pearls. She carried a bouquet of red roses and ivy. Her only jewelry was a necklace of two entwined hearts, a gift of the groom.

Mrs. James Miller of Onarga, Ill., a life-long friend of the bride was Maid of Honor. She wore an empire style length gown with a dark green velvet bodice and aqua satin

skirt. A large bow complimented the waist line in back. Her matching aqua headpiece was a double flower attached to soft netted petals, which were adorned with pearl trim. She carried a bouquet of white carnations, pine and ivy.

Roland Hagen, brother of the groom was the best man. Ushers were Paul Hagen of Ft. Atkinson, Wis., brother of the groom, and James Miller, of Onarga.

For her son's wedding, the groom's mother chose a green wool tweed two-piece suit and black accessories.

Mrs. Leslie Warning of Homewood, friend of the bride, registered the guests.

After a short honeymoon in Chicago, the couple set up housekeeping in Arbary Hills.

The bride, a graduate of Illinois State University is a teacher of second year students at District 96 of Lockport.

Mr. Hagen is employed with Caterpillar Tractor Co. of Joliet.

JANET DELLAPENNA--Mr. and Mrs. F. Dellapenna, 13611 Elm St., Orland Park, announce the engagement of their daughter, Janet, to Pvt. David R. Chandler, son of Mr. and Mrs. C. Chandler, 9431 W. 135th St., Orland Park. Miss Dellapenna is a graduate of Carl Sandburg High School and is currently employed by the Rock Island Railroad.

Pvt. Chandler is also a graduate of Carl Sandburg and is now stationed with the army at Ft. Sill, Okla.

No date has been set for the wedding.

Plan Spring Setting For Cradle Aux. Ball

A starry spring night will be the mood set when the South Suburban Cradle Auxiliary holds its fifth annual dinner dance at Silver Lake Country Club, Orland Park, on Saturday, April 15.

An archway of Sparkling Italian lights will illuminate the handstand, where music will be provided by the Vel-Tones, a four piece group under the direction of Richard Little.

Brandy snifters filled with yellow, white and lavender pompom flowers nested in white sand will decorate the

candle - lighted dinner tables.

The benefit event will begin at 7:30 p.m. with cocktails and complimentary hors d'oeuvres, followed by a buffet dinner of roast beef, chicken, assorted hot dishes, cold meats and cheeses, salads and rolls.

Dance committee members include chairmen Mr. and Mrs. Victor Willis, Homewood; Mr. and Mrs. Wilton Gates, Steger; Mr. and Mrs. Norman Lund, Orland Park; Mr. and Mrs. Richard Besser, Flossmoor;

Mr. and Mrs. Wayne Livingston, Park Forest; and Mr. and Mrs. Jack Sciaky, Palos Park.

The dinner dance is South Suburban Cradle Auxiliary's major fund - raising event for the benefit of the Cradle Society, a private, non-sectarian adoption agency in Evanston. Since its founding in 1923, the Cradle has placed more than 9800 babies in adoptive homes.

Auxiliary co-presidents are Mr. and Mrs. Henry Anderson of Laguna Woods, Orland Park.

Channel 11

Channel 11, the educational TV station at Chicago, which operates thru the generosity of its friends--some whom circumstances limit to small contributions and some who make quite sizeable ones--is having its annual fund campaign April 8 thru April 16. The Orland Park Village Board has granted permission for the solicitation in that community. Mrs. Richard W. Johnson, 14417 S. 85th Av., is local chairman.

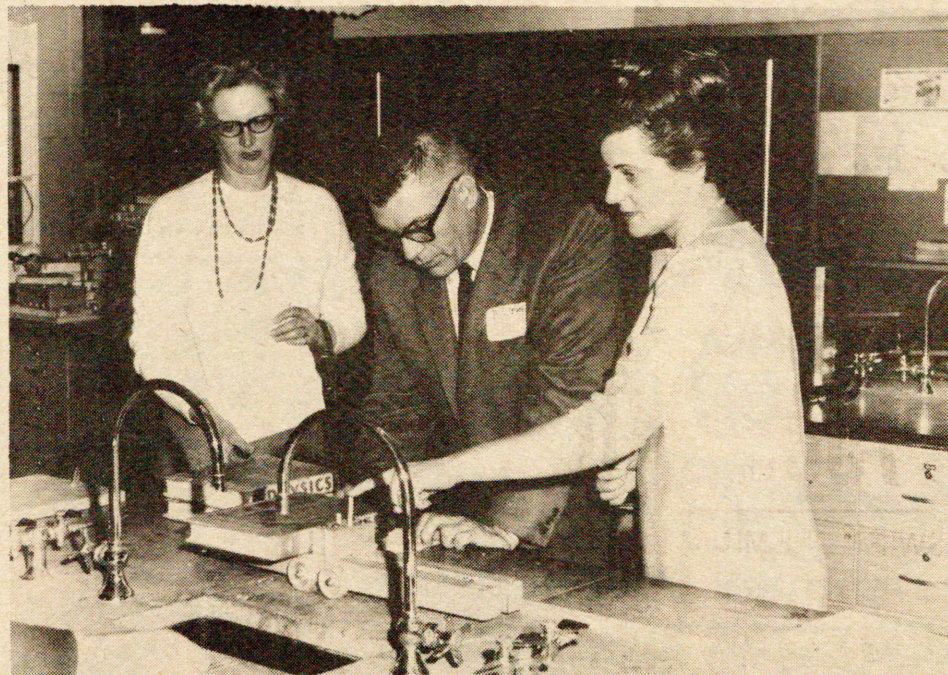

50 Stagg Frosh Attend Urbana Hospitality Day

Fifty freshmen, sophomore, and junior home economics students from Stagg High School were the largest contingent at the University of Illinois' Home Ec Hospitality Day at Urbana.

The students were introduced to campus life; and opportunities available to college graduates were explained. Among the speakers addressing the high schoolers were Dean Bentley of the college of agriculture and Dr. Janice Smith, head of the home economics department at the University.

The girls toured the campus and saw a style show of collegiate fashions before boarding the school bus for the return trip to Palos Hills.

Mrs. Paul Jenkins and Miss Cheryl Smith of Stagg's home economics department accompanied the students.

Parents went back to school at the Carl Sandburg High School Science Open House. Moving the carts is part of an experiment in measuring momentum being conducted in Edward DeYoung's physics class. Students are Mrs. Judy Lewis, R.L. Lewis, and Mrs. Dorothy Miller.

BARBARA JEAN MILLER -- Mr. and Mrs. Melvin Miller of Eureka, Ill., announce the engagement and approaching marriage of their daughter, Barbara Jean, to William A. Alexander, son of Mr. and Mrs. Joseph Alexander of South Wolf Rd., Mokena.

The bride elect is a graduate of Eureka High and is a sophomore at Eureka College where she is a member of the Delta Zeta Sorority.

William is a graduate of Lincoln-Way and is a senior at Illinois Wesleyan University. He is a member of the Phi Mu Alpha fraternity.

A June 10 wedding date has been selected.

District 230 Bandsmen Win Contests

Musicians from Stagg and Sandburg High Schools scored high at their conference music contests.

Stagg placed seventh in Class A competition in the solo and ensemble contest

at Lincoln-Way High School. Superior ratings were won by Charles Prill, clarinet; Donald Altman, trumpet; and Fred Wagoner, alto saxophone. The saxophone quartet took a superior. Members are Richard Kolecki, Fred Wagoner, Sandra Telleson, and William Petrick. Another superior was won by the trumpet trio of Scott Render, Peter Jackson, and Brian Coulter.

Sandburg entered 17 band and orchestra events at the conference contest. Superior ratings went to Dana LaSalle, flute; Peter Grenier, bassoon; Adrian Kotik, alto sax; Chuck Newman, trumpet; Marilynne Skinner, snare drum; and Robin Bryll, piano. The flute duet of Dana LaSalle and Jean Hausknecht also got a superior rating.

In choral competition, altos Kathy Thorns and Kathy Vanderburgh and baritone Steve Miller were awarded superior ratings. Concert choir members wound up with eleven superiors, 25 excellents, and five goods.

Club In Rehearsal For "Our Town"

Turn of the century costumes and imaginary props are keeping the cast and production crew of "Our Town" busy this month at Carl Sandburg High School.

The Sandburg Dramatic Club will present Thornton Wilder's three-act play on April 20, 21, and 22 at 8 p.m. Tickets are \$1 for adults and 50 cents for students.

"Our Town" is played with no props and a bare minimum of scenery, so the actors have to learn pantomime to carry out their roles. Throwing papers, stringing beans, and cooking oatmeal are simple tasks that seem Herculean without props to fall back on.

Leading the cast are seniors Gay Brumis and Mike Smith, who play Emily and George, the sweethearts, and junior Rob Nebe, who plays

the easygoing Stage Manager.

While director Donald Steinhart coaches the actors, Miss Marilee Thaholdt serves as technical director. Student director Betty Lindholm assists both.

Costumes for the townsmen and women of Grover's Corners, are the responsibility of senior Audrey Herbst, costume chairman. She has been busy sewing suits with mid-shin length skirts for girls in the cast.

Publicity chairman is senior Debbie Whittle, and junior Janet Coleman handles what few props there are. Stage crew is headed up by senior Frank Bischoff. Make-up is an additional task for senior Betty Lindholm.

Steinhart chose the play. "Our Town" is the first play of its type to be presented at Sandburg.

WHAT IS THIS? Cook County Forest Preserve District bought some 900 acres of practically treeless land in Orland Township last year. One owner who signed up right away was hustled off his place so fast he was unable to conduct a sale of his farm equipment on his own place but has to hold it on a neighboring farm. Some of the deals have been consummated but some are still hanging fire. Some of the properties that have become forest preserve property pose a problem, according to officials of that agency. Kids and others poke and pry around and the forest preserve district is afraid someone will be injured and the district will be sued. Hence this sign, which has caused some curiosity and a lot of talk in the area. "Government Property" is a phrase mostly used and interpreted as property belonging to the federal government. No one figures that "Government Property" might allude to something owned by the most mosquito abatement district, a school district, a forest preserve district, a township, village, county, or state government. This particular sign is placed along the east side of 104th Av. and about 173d St. When that property is torn down the sign will be moved to another property, it was said. That "Government Property" business appears to work well, it was pointed out. Years hence, no doubt the Forest Preserve District will post signs saying come in. Probable it would be more effective, it was said, if the signs read "Big Brother Wants YOU to Come In!" because by that time Big Brother may have taken over the business. As of now, however, the federal government doesn't own the forest preserve district.

Alexander Construction Features New Low Cost Line

Trend toward higher home prices has been reversed by one of Chicagoland's big builders. Alexander Construction Company has opened its new, low - cost line of "Lively One" homes in southwest suburban Hampton Park.

Two furnished models, priced at \$13,995 and \$14,995, have added to the community's display center on Joliet Rd.

According to builder Robert Alexander, the "Lively One" series was designed in conjunction with National Homes Corporation to specifically meet the housing needs of an important part of the Chicagoland homebuying market.

Alexander said that these

new models represent a return to 1959 price levels for his firm, which has built nearly 2500 homes in Hampton Park since its opening nine years ago.

"Everything about the Lively One's pricing, financing and equipment has been tailored for the young family now renting an apartment," the builder said. "The price includes those items that usually constitute a strain on the budget for first - home buyers."

The \$13,995 three - bedroom model's price includes refrigerator, oven and range in the kitchen and wall - to - wall carpeting throughout the house. Even the kitchen and bath are carpeted. A 65 foot

fully improved lot with paved driveway is also included in the price.

The \$14,995 model has all the features and equipment of its lower - priced companion along with an attached garage. Each home is available in a wide variety of exterior styles and color treatments.

Financing terms call for \$99 to move in for most veterans who served six months or more at any time since World War II began. This includes all closing costs. Down payment for non - veterans on the \$13,995 model is \$445. Monthly payment of \$109 covers principal, interest, insurance and all real estate taxes.

Five other furnished model homes in ranch and multi - level styles, priced from \$17,500 to \$22,900 are on display in Hampton Park.

Community, whose population now totals well over 10,000, has new public and parochial schools, a shopping center, churches, parks and the Lake Shirley recreation area for swimming, boating, fishing and picnics.

LIVELY ONE PREVIEW

In a special pre-opening

weekend showing of their two new low - cost "Lively One" models, Alexander Construction Company sold 143 homes in their southwest suburban Hampton Park. Of these, 118 were accounted for by the "Lively One" - a three bedroom ranch priced at \$13,995 and at \$14,995 with attached garage.

Richard McKool, vice president of the building firm, said it was the biggest sales weekend in Hampton Park since 1958, when 196 homes were sold on the community's initial grand opening.

McKool said that present plans call for a total of 460 of the "Lively One" homes to be built in Hampton Park.

Much attention was given to the Alexander "rake and shake" plan, according to McKool. He explained that this program, offered only on the "Lively One," enables buyers to earn a complete houseful of furniture by taking over the final grading of their lot, by cleaning the interior of the house and the windows, and by bolting together the outside garden storage shed included with the home.

Mokena Couple Make Pledge To Hospital

Mr. and Mrs. Henry I. Clark of 19547 Union, Mokena, have made the 2,500th pledge to Lutheran South Hospital.

Clark, a pensioner, requested that he be able to make the payments during the next three summers when

he works on the golf course to augment his pension.

The Lutheran South Hospital Community Participation Campaign is seeking \$3,000,000 to build the 324 bed general hospital on Cicero ave., just north of U.S. 30 in Matteson.

According to L.W. Bekemeier, hospital president, "While we will receive help from business and industry, it will be the residents like Mr. and Mrs. Clark with their pledges and gifts that will supply the greatest part of the needed funds."

Expect 450 Entries In 4-H Show

More than 450 entries will be judged for honors in the County 4 - H Handicraft Show to be held Saturday, April 1, at Francis 4 - H Field near New Lenox.

All 4 - H's enrolled in handicraft projects must exhibit their handicraft articles in order to meet the project exhibit requirement for the Achievement Member Award.

4-H members must have their handicraft articles in place at the 4-H Show no later than 9 a.m. The handicraft exhibits will be open to the public from 1 - 3 p.m.

Hold Funeral Services For Train Victim

Mrs. Dixie Kent, age 20, a niece of Mr. and Mrs. Raymond Slover, 11509 W. 194th St., Mokena, was fatally injured in a train-auto crash on Friday afternoon, March 23. The fatal crash occurred on the Will-Kankakee County Line at the Chicago, Eastern and Illinois grade crossing.

Mrs. Kent was the mother of three small children and had lived in the Crete area for the past five years.

Funeral services were held on Tuesday, March 28 at 11:00 a.m. from the Pentecostal Bible Church at Beecher with burial at Seneca, Ill.

Monthly Day Of Meditation

The monthly Day of Meditation will be held from 10 a.m. to 2 p.m., April 6, at the Community Center Foundation, Southwest Hwy. at 127th st., Palos Park. Resource leader will be

Mrs. Marian J. Kruger of First Church of Christ Scientist, Palos Park.

Area residents are invited to participate. Guests should bring a sack lunch; coffee is provided.

The Tinley Gardens Homeowners Assoc. wishes to thank Mrs. Bonnie Schultz - Chairman and her committee for the real fine job of making and distributing the Easter baskets for the children of the community. Also don't forget to come out to our next regular meeting on April 3 at the home of Julius Sandy, 9307 Ethyl Lane at 8:00 p.m.

Children Receive Easter Baskets

We also wish to thank Mr. Walt Yunker - Highway Commissioner for the very fine job he has done for us in the many facets of his duties such as plowing the snow, supplying the stone for our mailboxes, the blacktop repairs as needed, and the speed limit and load limit signs, and now with less than one weeks notice that we need playground signs they have been delivered and we will erect them as soon as possible. Thanks again Walt for a real fine job.

There will be no bowling results this week as the girls did not all bowl due to the fact that there was no school and they could not bowl at their usual bowling alley, however next week we will resume the standings.

We still have some hospital cases - some in and some just out:

Mrs. Shirley Zeitz of 183rd St. is in the hospital with no further information

available at the present time. Mr. Ed McGrew formerly of Ethyl Lane is in Hazelcrest Hospital with a concussion after a garage door fell on his head and he will be confined for a few days with quite a few stitches in his head.

Mrs. Thomas Sumner of Ethyl Lane is just home from Silver Cross Hospital where she was under observation for about five days.

There was a surprise birthday party on March 25th at the home of Courtney Smith of Pleasant Ave. and some of his guests were his mother Mrs. Josephine Connor, his brother Mr. Charles Smith, his aunt and her daughter Mrs. Gertrude Wilson and Lori, all of West Frankfort, Illinois and many other friends and relatives.

Little Douglas Sumner of Ethyl Lane was baptized Saturday while daddy Mr. Thomas Sumner won a prize in the Jewel Race Horse Contest.

Don't forget to vote - Tuesday from 6:00 a.m. to 6:00 p.m. April 4, 1967, Saturday from 12:00 noon to 7:00 p.m. April 8, 1967.

I wish to thank P.F.C. Thomas Kripner and Seaman Richard Sandy for giving up a little bit of their time while home on leave to come over and visit with us and next week I will put in a little bit of what they are doing and where they are going etc.

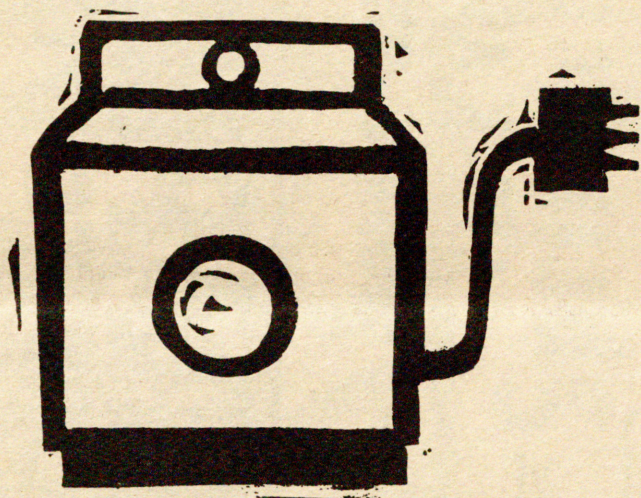

Congratulations to Mr. and Mrs. Richard Engel and family who have just returned from a two weeks glorious vacation in Florida where they got a lot of sun and visited with relatives and got a look at an early spring by going at this time.

Mr. and Mrs. Herschel Woods of Lenore Lane were honored by a visit from Bernice's sister Mr. and Mrs. Robert Gilmore and family from Berkley, Detroit, Mich.

The Summit Hill Cub Scout Pack Number 10 will have their March Pack meeting at the school tomorrow night, Friday, March 31, beginning at 7:30 P.M.

The candy committee of the Summit Hill Parent-Teacher Group are still selling their tins of chocolate covered caramel-pecan candies. The tins are vacuum packed for continued freshness, and sell for only \$1.50 each.

If you have not been contacted as yet about an order, and would like to speed things up, you may contact Mrs. John Jaeger, the chairman, at 479-9281 to place your order directly. This is also the procedure to place a re-order.

The First Nighters will hold their regular monthly meeting at the home of Mrs. Harold Maschmeyer on Rosewood Lane. The date of the meeting is April 6, beginning at 8:00 P.M.

There will be the annual Fashion Show sponsored by the Altar and Rosary Society of St. Mary's Church of Mokena on Wednesday evening, April 12 beginning at 8:00 P.M. at the Silver Lake Country Club.

As in the past years the ladies of the parish will act as the models for the fashions. This has proven highly successful in the past, and seems assured of continued success this year.

The tickets for the evening may be obtained from any of the models. The cost of the tickets is \$1.75 per person.

There will be the election of the Summit Hill School Board for four openings. It will be held at the school on Saturday, April 8, from 12 noon until 7:00 P.M.

On the same day there will also be an election for the School Board for Lincoln-Way High School also at the Summit Hill School in Arbury Hills. This will All those boys who are

enable you to vote for both elections at the same time and place, thereby easing the inconvenience and expense of two different voting days.

interested in participating in the baseball program of the Arbury Hills Boys Baseball League, must register at the school next Saturday, April 8.

In order to be eligible for participation a boy must, 1) reside within the Summit Hill School District, 2) be a minimum of eight years of age by August 1 and not have reached seventeen years of age by August 1, 3) have written permission of his parents, and 4) pay a registration fee of \$3.50 per person to cover the use of uniforms and equipment and insurance coverage while participating in the activities.

All registrations must be made on April 1, but the registration fee may be paid by April 8. If payment of the fee is to be made after the registration date, it is to be brought to the home of Richard Prather at 9400 West Willow Lane.

There will be no late registration this year, and all fees not paid for by April 8 will force disqualification of the registrant.

This will be necessary to enable the organization to set up the roster of the different teams and determine the number of men needed to be managers and coaches of the teams. This all requires time and effort by Baseball League.

Homer Man Victim of Motorcycle Crash

A Homer Township man was killed early Wednesday morning when an auto struck the rear of his motorcycle at 143rd and Cedar Rd.

David E. Chapman, 20, Rt. 2, Box 87, Homer Township, had apparently been traveling east on 143rd St. when an auto, driven by Scott Williams Jr., 24, of 8535 S. Green St., Chicago, struck him from the rear.

Chapman was the son of Mr. and Mrs. Eugene Chapman of Homer Township.

Will County Sheriff's Department received the call at 1:02 a.m. from two motorists who came upon the accident scene. Investigation was made by Sergeant James Srygler and Deputy Wayne Gregory. Motorcycle was

found in the ditch on the north side of 143rd St. and Chapman's body was 110 feet further.

Roger E. Miner of St. Anne, Ill. and Ronald L. Allen of Momence stated that they came upon the accident scene. They noted the motorcycle in the ditch and a Negro at the scene driving a 1962 white and blue Oldsmobile.

According to the two men, the Negro, later identified as Williams, said he had hit a motorcycle but that he was unable to find a body. He asked them what he should do.

The two men told him to stay on the scene and they would report the accident to the police from their telephone van. As the men were

making the call, Williams left the scene of the accident.

He was later apprehended by Hometown police. His car had damage to the right front and a broken headlight. Pieces of the car from the scene were taken to Hometown. They matched the damaged car.

Williams was then taken to the Will County jail where he is being held.

Coroner Willard Blood was called to the accident scene as was Deputy Coroner Bill Goodale of Lockport who pronounced Chapman dead on the scene.

Body was taken to the Goodale Funeral Home. Funeral arrangements are incomplete.

Sorority Dance Proceeds for Shady Oaks

"Charity A-Go-Go," a dance to benefit a cerebral palsy camp, will be sponsored April 1 at Northern Illinois University by Sigma Lambda Sigma.

Profits from the dance will go to Shady Oaks Cerebral Palsy Camp at Lockport.

Red Cross Begins Training

Red Cross first aid training for representatives of Will County industries will begin on April 4th.

This will be the third annual industrial first aid seminar sponsored by Mid-America chapter of American Red Cross.

Will County's section will be one of eight in the five-county program. Two hundred Will County industries received invitations to have some of their workers trained as Red Cross instructors. These men and women then can teach fellow-employees and thus increase the number of trained first aiders in industrial plants.

Leo A. Gable, first aid chairman for Will County said that people in many kinds of work need first aid training in order to hold their jobs. School bus drivers, policemen and firemen customarily receive first aid training, as do people who work with youth groups.

Industry is another high risk area, Gable pointed out. First aid training serves not only to help save lives in case of accident but actually cuts down the rate of accidental injury and the seriousness of those which do occur, he added.

Conservation Workshops Set

Conservation workshops for high school students will be held at the five state universities this summer. Boys and girls who have completed junior high or their Freshman year of high school may attend.

Students receive a broad introduction to the problems and benefits of conservation in Illinois. Soil, water, forest, fish, mineral and game resources are studied.

All 16 workshops are one week long and are held on university campuses during July and August. Schools offering these workshops are Illinois State at Normal, University of Illinois at Urbana, Northern University at DeKalb, Western University at Macomb, and Southern University at Carbondale. Fees range from \$40 to \$50 and cover tuition, room, meals, instructional aids and field trips.

Will-South Cook Soil and Water Conservation District, 100 Manhattan Rd., Joliet, has registration blanks, a calendar of workshops for each school and all other details needed.

Registration Day Set for Freshmen

A registration day for incoming freshmen will be held at Providence High School, New Lenox, Saturday, April 15. These exercises will be for those who were unable to attend registration day in January.

Program will start at 8:30 a.m. and around noon. Eighth graders will register and take the registration test used for final placement in freshman courses.

Pass Three Proposals Affecting Libraries

Three proposals affecting libraries in Illinois submitted by Secretary of State Paul Powell, state librarian, were passed by the Senate and sent to Gov. Otto Kern for approval in action by the general assembly this week.

Measures seek to bring the election of directors of village libraries (H 150) and the establishment of libraries in municipalities under the commission form of government into conformity with the 1965 Library Services Act (H 640), and directs the State Librarian to prepare a catalog of Illinois State Library holdings (H 670).

House passed and sent to the Senate another proposal of Secretary Powell to increase filing fees collected by the Corporation Division for articles of incorporation, articles of amendment, restated articles, articles of merger, foreign certificate of authority, foreign amended certificate, foreign certified copy of amendment, foreign articles of merger and annual reports. (H 267)

In committee action, the Senate Municipal Corporations Committee favorably

reported four measures submitted by Powell which have already been passed by the House.

Two of them seek to bring county and township library operation into conformity with the 1965 Act (H 147 and H 151), a third authorizes the Secretary of State to cooperate with the U.S. Commissioner of Education in order to receive funds for inter-library cooperation, services to state supported institutions and serv-

Joliet Home Show Opens March 31

Annual Joliet Home Show will open Friday, March 31, in the Joliet Township High School central campus gym featuring more than 60 exhibits.

Sponsored by the JTHS Band Parents Association, the 15th annual exposition will run three days with show hours 6 to 10 p.m. Friday; 1 to 10 p.m. Saturday; and 1 to 8 p.m. Sunday.

Booths will be staffed by representatives of participating companies and organ-

ices to the physically handicapped (H 152), and the fourth provides for the payment of municipal and township library taxes to the library boards (H 153).

In the House, the Municipalities Committee favorably reported a measure establishing a working cash fund for libraries (H 509), and the Judiciary Committee approved a proposal establishing a minimum penalty of \$1 for delinquent corporation franchise tax payment (H 508).

izations and will contain many of the newest ideas, products and services designed for modern living.

Glenn Hillesland, general chairman, announced new attractions for the 1967 show will include wig demonstrations, new beauty products, and unusual gifts.

Several large industrial firms will have exhibits. Auto dealers will show actual models. Music dealers will demonstrate organs. Dozens of other displays will feature a wide variety, including building materials, water softeners, sewing machines, bakeries, hearing aids, investments, and health products. All three JTHS bands will have booths with fun features. Visitors will be eligible for door prizes, including the grand award, a 21 inch color T.V.

Daily entertainment by several bands, including a German band and the JTHS West Campus stage band, will be provided.

Band mothers will serve home-cooked food from a restaurant plus having their usual booth containing handmade articles and homemade fudge.

Proceeds from the Home Show are used to finance activities of the JTHS Bands - East, West and Central.

Homemakers Plan Tour

Will County Homemakers Extension Association plans two spring tours for its members and guests. First tour will be April 21 to the Goodwill Industries in Chicago.

Enroll for Forestry Camp

Boys who would like to attend the 16th annual Illinois Boys' Farm Forestry Camp July 30 through Aug. 5 may now enroll.

Illinois Technical Forestry Association, a non-profit organization devoted to the wise use of forests and wood products, sponsors the camp. Wood-using and coal-producing industries, farm and conservation organizations, and service clubs provide financial support for the camp.

Camp is located on Lake West Frankfort, close to the heart of the southern Illinois forest country. It helps boys become better acquainted with timber, soil and water conservation, according to Will County Farm Adviser A.A. Wicklein.

Boys who attend the camp have an opportunity to learn more about the practical application of forestry to farm operations. Experience also gives them a background for managing farm woodlands

for lumber, Christmas tree production, recreation, or wildlife protection.

Wicklein says that boys 14 through 18 are selected on the basis of their interest in forestry, leadership capacity, or experience with a personal- or group-forestry project at home, in school, or in a club. Most boys who attended last year's camp were members of 4-H, FFA, Boy Scouts, or church organizations.

A group of nearly 30 qualified publicly and privately employed foresters, agricultural and conservation leaders and teachers, and staff members of the University of Illinois Cooperative Extension Service provide instruction at the camp.

Will County boys who would like to enroll in the Illinois Boys' Farm Forestry Camp should contact Cooperative Extension Service, 100 Manhattan Rd., Joliet, for further information before May 1.

"My psychiatrist says I'm allergic to buttons."

I came that they may have life, and have it abundantly. —(John 10:10)

Let's forget the past with its failures or sorrows. The dark clouds of limitation fade away. Enjoy the present, so that we may be filled with life, love, wisdom, peace and prosperity. Let's live abundantly for God's blessings flow to us from His bounty. Live in the awareness of God's presence and know that we are forever one with Him who is all abundance, from whom all blessings flow, through whom all needs are met.
